SPENCER F. BAIRD,
Commissioner of Fisheries.

FRANCIS A. WALKER,
Superintendent of Census.

G. BROWN GOODE,
Ass't in charge of Fishery Investigation.

Washington, D. C., February 3, 1880.

Dear Sir:

I venture to address you in behalf of a friend in Stuttgart who wishes to exchange for or purchase certain species of American Cacti.

Mr. Vasey, of the Department of Agriculture, informs me that you are the one person in the United States at all likely to know about these things. I enclose the letter which will speak for itself. If you are disposed to communicate with Mr. Reiklen, I will leave the matter in your hands. Otherwise I fear nothing can be done for him.

Hoping that you will pardon this intrusion which I should not venture upon, on personal considerations, I am,

Very respectfully yours,
G. Brown Goode

Mr. George Engelmann,
